

Dear Friend,

If you are reading this you must be a fan of one of our Mother Earth Group's hospitality partners. We appreciate all the good work that you are doing for our community and would like to consider helping you and your non-profit organization through either a food donation or donation-in-kind. In the ideal world, we would like to help every organization who has need; however, as a small business, our resources are limited to helping either one organization per month in way that has significant impact or several organizations in one given month with gift certificates that can be used for fund-raising auctions or employee recognition.

Our Community Culture Committee meets on the 15th of each month to decide where our community assistance is best served. The criteria we use to evaluate each request is based on our Mother Earth Group tenets of "Nurturing One Another, Our Community and the Earth." It also helps if you are an existing catering client or restaurant guest. You will be notified by email of your donation request status. It is our plan to post monthly donations and pictures on our website at www.somethingclassic.com.

Please complete the following donation request form and return this information by the 14th of each month to our Culture Director, fay@somethingclassic.com or by regular mail.

The Mother Earth Group
1860 Lindbergh Street, Charlotte, NC 28208 Attn: Fay Marcus

Warm Regards,

Jill Marcus
